ONE OF THESE days Albany is going to have a coordinating committee again. Take tonight as a probable example: the Republican Assembly is having an important program at Cornell cafeteria. Albany High School is having its program for Public Week and the March of Dimes is having its fashion show at the Veterans Building. After the Dimes used this column to write about setting May 14 as the date for the Maid of Albany contest, they changed the date, but that isn't the answer.

WE TRIED OUR BEST last week to reorganize the council composed of representatives of all clubs and organizations, which at the time did a good job of coordinating dates, but nothing came of it. It would have other meetings in the city, too: clubs working together on major projects and the Citizen of Year Award could become an annual rather than haphazard event.

THE MOOSE LODGE, which certainly made a big splash during its relatively short existence, staged one of the parties Saturday night for all of Albany's nicest guys—Bud, our recreation director, who was in high good humor and it never became maudlin. Bud must know by now that he's pretty special in the eyes of Albany citizens. He received a big plaque, golf balls, a new golf bag plus a silly old worn-out golf bag full of (Continued on Page 3)

Dimes Fashion Show Begins at 7 p.m. Tonight

Everything is ready for the annual March of Dimes fashion show, "Vive La Difference," which begins with a social hour at 7 p.m. tonight at the Veterans Memorial building.

The Piouettes have practiced so much they are dizzy (see picture on page 5 of today's paper) and Betty McCollum, who directs the troupe of petite members of American Legion post 292, has decided at last to accept Ed Sullivan's standing offer to appear on his TV "show."

Helen Baum and Police Chief Ralph Jensen have had last-minute tonsil checks and their doctors have pronounced them fit to sing a duet.

All models stopped eating Monday so they'll have the proper hungry look. Pianist Joe White has been practicing his scales and announces he has discovered the "lost chord" in time for tonight's performance. Various other participants have carefully gone over details of their lofty positions so everything will proceed without a hitch.

Poppies?

If you are wondering where all the California poppies are on the east side of Albany Hill, we have it on good authority from a gardener that it takes two years for the seeds to germinate. Supposedly they send roots down which are not disturbed when the hill is burned over in the summer. Then the following year the poppies appear. Hill and Dale Women's Club of El Cerrito hopes the man is right, or there will be many a disappointed little poppy planter in the community, not to mention the adult community which has been watching the hill for the splashes of orange to appear.

James Markham Suffers Concussion

James Markham, 16, son of Mr. and Mrs. Ken Symington of 1045 Cornell, suffered a concussion Friday when the car he was working on in the driveway of his home slipped off the jack. He had removed the front wheels. Several boys were chatting nearby and were able to jack the car up again. Albany police rushed him to Herrick hospital, where surgery was performed. He is now in intensive care ward and may be hospitalized for some time.

Come and bring family and friends, all are welcome.

Kevin W. Keck One of Four Top B of A Winners

Kevin W. Keck, son of Mr. and Mrs. Lee Keck, was one of four top winners in the zone competition in the Bank of America Achievement Awards last Thursday. He is now assured of a minimum award of \$150 and a shot at the top award of \$1,000.

The finalists will compete in area finals May 19 in Berkeley. Kevin's field is liberal arts. He is a senior at Albany High school.

SUMMER SWIMMING REGISTRATION OPENS

The summer swimming instructional program for children at the Albany Swimming Pool was announced today by Bert Griffin, Pool Director.

Registration for the summer starts May 2 and will continue until all classes are filled. The registration will be at the Albany Pool, Portland and Pomona Avenues, from 9 a.m. to 12 noon and from 1 p.m. to 5 p.m. Monday through Saturday.

There will be classes for the children 40" to the chin and over and for the 3½-5 year olds who

ALBANY LIONS ROUNDUP BREAKFAST IS SUNDAY

Albany Lions will bring to a conclusion a busy year of activities Sunday, May 1, when members and their wives stage a Spring Roundup Breakfast at the Veterans Memorial Building, Portland and Ramona Avenues.

Joining forces with the club in this final fund raising project for 1965-66 will be a fine group of young ladies under the banner of the 1194 Girl Scouts. Participation with the Lions is not new with the Scout Troop and their ability to make friends while

performing before the public is now well known. On this occasion they will serve as hostesses.

First order from the griddle will be at 8 a.m. Menu will consist of ham-eggs and pancakes. Chef will head for home at 1 p.m. Adults \$1, non-adults under 10 years 50 cents.

Club Vice President Al Drozda, who heads up the project, reports only those expert in the ways of western cooking will perform at range duty, thus assuring a hot tasty plate for the day's eat meal.

A successful Lions club is always busy and the Albany group is no exception. While contributing to their year round work of sight conservation and direct assistance to the blind, many other projects have kept the members occupied.

Activities have been varied, including the sponsoring of one complete team in Little League, baskets for the needy at Christmas, watermelon eating contest on 4th of July, support of the egg hunt at Easter, March of Dimes and contribution to band boosters fund.

The club has for several years been a firm backer of the American Field Service, believing the exchange of students among friendly nations will better the image of America while providing opportunity to learn of the people in far off lands.

Most recent projects of the club included participation in Dedication of the new city buildings and contributing a trophy case located in the corridor of the City Hall.

Lions by nature are builders, thus their existence is justified only by helping in making our city a finer place to live.

Tickets for the May Day affair may be secured from any Albany Lion or at the door and your support will aid in helping the Lions do what you would like them to do.

In a 40-minute session Monday night, four members of Albany City Council covered many matters, including approving employee (city) contribution increases totalling \$1,560 for Blue Cross payments for city employees.

The increase in premiums will amount to an annual expenditure of \$1,400 and increased benefits will total \$160 to the city.

New Mayor Richard O. Clark was attending a meeting of his company. Vice Mayor Joe Egenberger presided.

Each of the candidates who took advantage of the 150-word statement of qualifications circulated with sample ballots will receive a refund of \$26.90. City Clerk Myrtle J. McLean reported that cost for printing and postage amounted to \$23.10 each. The fee paid was \$50.

Proclamation

In many areas of the United States today respect for constituted authority, law and order, and the principle of the supremacy of law, are being recklessly challenged.

The rights and freedoms which Americans accept as their birthright are made possible only by unswerving public acceptance of and obedience to the rule of law. In today's complex society there is a particular need for understanding on the part of every citizen that respect for law is vital to the preservation of individual liberties and a free and orderly society.

The Congress of the United States, and the President by official proclamation, have designated May 1 as Law Day USA. It is a day set aside for all Americans to reflect on our heritage of individual liberty under law and to focus attention on the responsibilities of citizenship. The theme for the observance this year carries a timely message for every American: "Respect the Law—It Respects You."

NOW, THEREFORE, I, Lewis M. Howell, Mayor of the City of Albany, do hereby proclaim Sunday, May 1, 1966, as Law Day USA in the City of Albany and call upon all citizens, organizations, churches, and schools to recognize this special day through appropriate programs.

Dated at the City of Albany this 14th day of March, 1966.

Frog Jump Contest

JOY BRADEN, Miss Jumping Frog, and Marty Webb, who is promoting the Frog Jump contest at Thousand Oaks school this Saturday at 12:30 urge everyone to attend the preliminary to the big contest in Calaveras County.

Frogs Available

Jumping Frog Day Saturday In 'Thousand Oaks County'

(See Page 11)

Don't worry if you don't happen to have a frog around the house! They are available at Petland in the Thousand Oaks business area and will be Saturday at the playground at Thousand Oaks school.

This flurry about frogs is the result of the big Jumping Frog Contest, which will be held Saturday at 12:30 p.m. at Thousand Oaks Grade school. Sponsors are members of Thousand Oaks Merchant associations.

For this local preliminary to the Calaveras County Frog Jumping contest, frogs must be at least three inches long, Marty Webb, promotion chairman, has announced.

There will be much excitement

in the Thousand Oaks area Saturday and everyone is urged to be on hand and participate.

PTA Plans

"He ketched a frog one day, and took him home, and said he cal'lated to educate him; and so he never done nothing for three months but set in his back yard and learn that frog to jump." (Quoted from THE NOTORIOUS JUMPING FROG OF CALAVERAS COUNTY by Mark Twain.)

Like Mark Twain's notorious character, Jim Smiley, Berkeley's boys are anxiously awaiting Jumping Frog Day, Saturday, April 30, sponsored by the Thousand Oaks Merchant Association. The Thousand Oaks school PTA will sponsor refreshment stands and several games starting at

The ground floor will contain offices and stores with professional office space on the second and third floors.

Also, there will be Director of Parks and Recreation Bud Roemer, Recreation Commissioner Mrs. Dario Menikoff, and Councilmen Miller and Graeber.

New Senior Division Team

Del Wisenor, Albany Little League, and Senior Division Baseball President, is happy to announce that due to a tremendous response, the Senior Division is adding another team to its league this year. The new team will be known as the Bobcats.

Any boy who reaches his 13th birthday before Aug. 1 of this year, and will not attain the age of 16 before Aug. 1 of this year, will be eligible to play, if the boy has not signed up as yet, we urge him to do so as soon as possible so he may be placed on a team, and participate in our summer program.

Call Conrad Dyer, Player Agent, at 525-6122, and he will gladly assist any boy who wants to join.

SENIOR DIVISION leaders include standing from left to right, Al Klobas, Colts manager and head of Senior Division, Jeff O'Donnell, manager of Mets, Bob Nora, manager of Red Legs, and Lyle Goforth, manager of the Phils. Seated are Del Wisenor, A.L.L. League president, Bob Goforth, Phils' coach, and Connie Dyer, players agent. Not shown is John Sutherland, manager of the Astros, a new team this year.

AMERICAN LEAGUE managers are standing: Frank Rivard, Senators; Joe McConahy, Yankees; Bob Cordero, coach of Athletics; Ken Lettrich, Twins; Jim Smith, Angels and Frank A. Red Sox. Seated are Joe Zupon, Orioles; Saul Torres, Tigers; Ernest Jaramillo, Indians and Lavagnino, White Sox. Not shown is Gene Hoggatt, Athletics.

SEVENTH ANNUAL YOUTH BOWLING CHAMPIONSHIPS

Jerry's Gang of Albany Bowl shot 2927 scratch last Saturday to erase one of the oldest records on the books as young bowlers from all over Alta California began their seventh annual rush for honors in the Northern California Youth Championships at Albany Bowl, Golden Gate and Lucky Lanes.

Rolling games of 931-966-1030, the Albany crew smashed the previous mark of 2879, fashioned by the L&L Castle King Pins in 1962, by 48 sticks. And by adding 379 handicap to their scratch total, Jerry's Gang also set a new handicap record of 3306. The old mark of 3267 had been posted by Primo's Pals of Westlake Bowl, Daly City, last year.

Young Jim Navarro was the leader of the Gang with a 632 series on games of 211-198-223. Steve Brewer and Jerry Becker gave stellar support with 608 and 595 respectively. Steve had a 235, Jerry a 233 game.

In the Junior Division at Golden Gate Lanes, Midway Bowl accounted for another new record by fashioning a 3240 total in the Boys' Handicap event. Their top performer was Al Soares, who shot 635 on games of 224-181-225.

Although no records fell in the process, Pat Kruse of Castro Village Bowl, Castro Valley, came through with the best individual performance of the week end when he put together games of 256-192-259 for 707 scratch in the Major Boys doubles at Albany. Adding a 526 by partner John Sims, their 1233 total was enough to take the lead in scratch competition and place them second behind Duane Wilson of Anderson and Bob Durant of Hayward, who led with 1297 in the handicap division.

Kruse also posted a 647 series to take the lead in Major singles ahead of Anderson Bowl's Brad Osgood. Anderson, Los Banos and Valley Center Bowl, Salinas, dominated the top spots in many divisions and categories.

Los Banos held first and second places in the Junior Girls handicap competition at Golden Gate. Kruse also posted a 647 series to take the lead in Major singles ahead of Anderson Bowl's Brad Osgood. Anderson, Los Banos and Valley Center Bowl, Salinas, dominated the top spots in many divisions and categories.

HILL AND DALE SWEEPS DISTRICT AWARDS

Eight members of Hill and Dale Women's Club of El Cerrito returned home jubilant from the annual Mt. Diablo District Convention of Federated Clubs held this year at the Stockton Inn in Stockton.

President Mrs. Eldon Parr remarked, "We may be one of the smallest clubs in the District, but we won 12 awards tying for most awards won only with Walnut Creek, one of the largest, most active clubs."

Highlight of the convention for Hill and Dale was the banquet, at which time the special awards were given. Mrs. Parr was called to the head table three times in a row to receive awards in three of four special award categories. The first award given that evening was for attendance at District meetings. Paine-Adler Wedding

Robin Ann Paine became the bride of Norman Paul Adler of San Francisco in the Little Chapel of Our Lady at St. Ambrose Church with Reverend Patrick M. Finnegan officiating at the ceremony.

Escorted down the aisle by her father, Raymond Paine of Albany, Robin was gown in a full length white organza gown tiered with eyelet embroidery. Her veil was a Brussels lace mantilla. She carried a white satin prayer book; her only jeweled accent was a single strand of matched pearls, a gift of the benedict. For "something old" and "borrowed," Robin tucked away a lace handkerchief carried by generations of brides loaned to her by Mrs. Lee Keek of Albany.

Maids of honor to the bride were Sally Jo Klemm of Albany and Mrs. William Reeves, Jr., of San Francisco. Their floor length gowns were pale yellow raw silk; their headresses, matching mantillas of lace. They carried white satin fans decorated with miniature yellow roses designed by Alex of Ricks in Berkeley.

Norman's best man was his brother, James Adler of San Francisco. Ushers were Robert Horn of Sacramento and Lt. Roger Paine, brother of the bride.

The mother of the bride, Mrs. Raymond Paine, wore an aqua-

marine dinner suit with a jeweled neckline and bone accessories. Her corsage was white and gold orchids.

Mrs. Arnold Adler, mother of the groom, wore a beige knit suit with a cocoa chanel jacket and matching accessories. A pale pink orchid corsage accented her costume.

Following the ceremony, a cocktail reception and dinner was held at Serb's of Albany.

The couple left immediately after the dinner for Coronado del Mar for a short honeymoon. They will tour Europe this summer.

The Jumping Frog Jubilee of 1865

Made Famous by Mark Twain

It was in the summer of 1865 that the first Jumping Frog Jubilee was held in Angels Camp, or the entire world. Angels Camp, the metropolis of Calaveras County, California, was in that year a booming, roaring mining and frontier camp. There were hundreds of grizzly miners, who besides looking for the elusive yellow metal, also sought any and every kind of amusement. They were a sporty lot and would make a wager on anything, anytime, or any way. There were numerous saloons, dance halls and gambling dens in the town.

At this time the roads were bad, travel was slow, in order to make a trip of a dozen miles, it required much preparation and time, and consequently the miners did not often leave town to seek amusement.

It was at this time that the miners followed the most unique sport of frog jumping or frog racing. Several of the miners had their own frog ponds or stables where they spent many long days training their jumpers. At regular intervals, a frog jumping or frog racing event was held, in which large sums of money was staked. Small fortunes were won and lost by the hop of a frog.

Jim Smiley, a local gambler, whom Mark Twain made famous, was the owner of the best jumper in Calaveras County. Jim used to parade around the streets with his frog in a basket under his arm, boasting of the ability of his particular frog.

About this time two slickers from the Bowery of New York arrived in town presumably a few days ahead of the sheriff of a neighboring county. These two boys were all that their make-up implied. They, in the course of their rounds of the gambling halls, ran into Jim Smiley, who was proudly exhibiting his jumping frog. After listening for some time to the boastful Smiley concerning the feats of his frog, Pete

Stag and Jimmy Ludrem, who were the boys from New York, began to make light of the Smiley frog. After some argument Stag or Ludrem remarked that he didn't see anything about that frog that was any better than any ordinary frog. In fact, according to the New Yorkers they could catch any of frog from the town cistern that would beat Smiley's frog. That was too much for Smiley, the bet was on and a frog jumping contest was to take place at once.

It was agreed that Smiley was to go down to the cistern and bring back "most any ol' frog" that he could catch and that the Bowery boys would enter it in the race. The news of the contest spread. Several thousand dollars were staked by the two slickers. The town populace, knowing the jumping ability of Smiley's frog were easy marks for the two boys. Smiley left his frog in the care of the strangers while he was off to catch the "ordinary frog" that the boys had staked their money on.

While he was gone for the frog, Ludrem or Stag went across the street to the old Scribner store and purchased some buck shot and proceeded to fill the famous jumper full. When Smiley returned and the race was on, poor Daniel, as Smiley's frog was called, being loaded with shot could not budge. The Bowery boys collected their money and headed for parts unknown before it became known that poor Daniel was more than half shot.

Mark Twain, the famous American humorist who lived at the Mark Twain cabin on Jackass Hill, made regular trips to Angels and Calaveras County. He stopped at the Angels hotel, where Ross Coon, the proprietor related to him the story of the framed jumping frog contest. Twain, sensing the humor of the story, immediately wrote his famous story, "THE JUMPING FROG OF CALAVERAS."

Just Follow These Simple Rules

1. Each frog in qualifying will be allowed 15 seconds on each jump. If the frog does not jump in that allotted time, he is disqualified.
2. After a frog is placed in the starting circle no one may touch it after the first jump, unless the frog is disqualified under Rule 1.
3. In all jumps, length of jump will be measured in a straight line from the starting point to the point of landing on he third jump. Decision of the judges will be final.
4. Evidence of drugging or doping will result in disqualification and forfeiture of prizes.
5. All frogs must be at least 3 inches in length from nose to tail.

PROGRAM FOR THE DAY

On April 30, 1966, members of the Calaveras County Fair promotional group will be assisting the Thousand Oaks Merchants Association in Berkeley to stage our first Jumping Frog Contest. This will be a preliminary contest for the annual Calaveras County Fair and Jumping Frog Contest, May 19 - 22.

Our contest will be open to people of all ages, divided into a Junior division, ages up to 14 years and a Senior division of those over 14 years. This is not to exclude adults or any businesses who are interested in competing. The contest will be held at the 1000 Oaks Grade School (Colusa & Solano Avenue), starting at 12:30 p.m. until about 5:00 p.m. In addition to the Jumping Frog Contest, we will have a band concert (Berkeley High School "Pep Band") and a display of several Horseless Carriages. Of course, the Calaveras group and the Horseless Carriage group will be in full attire to dress up the show.

Registration for the Frog Jump will take place at the school grounds, so be sure to be there on time. Entry fees for the Junior division will be 25 cents per frog. Senior division entry fee will be \$1 per frog by an individual, and \$2 per frog if sponsored by a business. All names of entrants will be announced by the Master of Ceremonies along with the name of your frog. Prizes will be given in several categories, with the frog setting the greatest distance of the day and its sponsor being sent to Angels Camp for the World Famous International Frog Jump. For our local contest, the minimum length of all frogs must be 3 inches in length from nose to tail. (At Angels Camp, frogs must 4 inches in length.) Other than prizes for distance, categories for cutest, ugliest, biggest, etc., will also be awarded. For further information call Marty Webb, 527-2141.

challenging in its use of materials, variety, contrasts, and developmental methods.

The art workshops on Thursday mornings, 9:30-12:30, is for all levels and media, both painting and drawing, emphasizing discovery practice and relationships.

a University of California senior, to participate in the company's newly launched Project "Assist."

Heinitz joins 10 other students from schools around the nation who now are taking part in the program. "Assist"—Alcoa Student Stipend for Industrial Sales Training—is designed to combat an apparent lack of awareness among college and university seniors of the rewarding career opportunities in industrial selling.

"The project is a unique, imaginative effort to excite and direct the career-interests of sen-

iors to industrial selling," explained E. M. Tatman, manager of Alcoa's San Francisco district sales office.

"Heinitz now is taking part in a 10-hour week, 10-week long program. Working with our salesmen, he is experiencing the daily challenges, victories, delays, and possibly even defeats that make up industrial selling. He also is receiving a \$500 stipend to defray expenses he may incur. When ready to seek a position in the permanent job market, he will have a realistic base from which to evaluate industrial selling as

a career, which is the objective of our project. Heinitz was selected from nominees referred to the sales office by Mrs. John H. Son, University of California placement director. He had to be a senior with a degree in either administration or engineering, but not exclusively interested in industrial selling career. He be active in campus activities supported by a strong record.

SENIOR CITIZENS

346 Masonic Ave.

The lecture by Dr. Ethel Sablin Smith was well attended as it was a subject of interest to the aging: "Aging Around the World." The much anticipated trip to Occidental will be today. We hope everyone will be on hand promptly at 10 a.m. ready to leave. The men are planning to host the ladies on Thursday, May 5, with a luncheon in honor of Mothers Day. Be there, ladies, and be waited on yourselves for a change. We regret to announce that several of the members are ill with different ailments and we hope they will be back soon as good as new. A scenic ride to Carmel Wednesday, May 25, down Highway 101 with lunch at June Simpson's is the next trip scheduled by the Seniors. Call Minnie at 526-3708 for details.

EDWARD JOHNSON, salesman for Jim Woulfe Ford, Inc., 836 San Pablo Ave., has successfully completed the Dale Carnegie Sales Course. Jim Woulfe, president of the dealership said, "Congratulations are in order for Ed because so few people these days have the courage, ambition and power of self-direction to do anything about self-improvement. We are fortunate to have this kind of employee."

Fire Plug
Gasoline is without a doubt the most commonly used flammable liquid with which the fire service and fire protection engineers have to deal. It is intended for one use only, namely to explode inside the cylinder of an internal combustion engine.

It is not an industrial solvent, and it must not be used for this purpose. (An industrial solvent is a liquid used for removing oil and grease from metal parts, fabric, etc., in industry.)

Smoking and open flames are forbidden in areas where gasoline is stored or is being handled.

Do not use gasoline for removing oil and grease from machine or other metal parts.

Do not use gasoline for removing stains from clothing.

Do not use gasoline for removing grease and grime from hands. Gasoline is many times heavier than air, and it will accumulate in low spots such as pits and trenches unless a strong wind carries it away.

Keep in mind that one gallon of gasoline, when completely evaporated and ignited, will have a potential energy of about 40 sticks of dynamite.

Do not inhale gasoline vapor, particularly the vapor from leaded (ethyl) gasoline.

Cancer Society Needs Typewriters

If you have a typewriter sitting around gathering dust, the American Cancer Society can put it to good use.

Mrs. William Smock, chairman of office volunteers for the Society's Alameda County branch, today put out an appeal for standard size typewriters.

"In recent years we've been suffering from growing pains," said Mrs. Smock. "Office space is at a premium and our volunteers use every nook and cranny available for working space. Somehow we manage, but now we're faced with a severe shortage of office size typewriters and typewriter chairs. We have less than six weeks to go before the deadline to have the materials assembled and addressed, and if we can't obtain additional office equipment, we may have a serious problem on our hands."

Typewriters are needed not only in the Society's 477 15th St. headquarters, but also in their Hayward, Fremont and Livermore offices.

Mrs. Smock also noted that persons wishing to donate equipment can deduct the current market value as a contribution on their 1966 income tax return.
